COMMUNITY REPORT:

Central Ward Councilman Benjamin F. Johnson, III is working with the International Youth Organization to establish a disaster center in the Central Ward to aid residents who are victims of fires and other tragedies.

The Central Ward Disaster Center, will be housed in the IYO's headquarters at 703 South 12 Street, and has already been buy gathering clothing and other donations for victims of Thursday's tenement fire at 569 South 12th Street, which claimed the lives of 12 persons, including six children, according to Johnson.

James Wallace, the IYO's director noted that a central agency to coordinate disaster relief has long been needed in the Central Ward.

"The Disaster Center insures a coordination of efforts in dealing with major problems like the South 12th Street fire," Johnson said, point out, "We will also get more young people involved with the resolution of problems in the Central Ward by working with the IYO."

He explained that the center would provide emergency shelter for families and persons who are victims of disasters.

The agency would also serve as a training center where residents will learn methods of preventing and coping with tradedies, Johnson stated.

He said the building would provide a central location where welfare agencies, the Red Cross, volunteers and other interested parties can meet, coordinate, and provide their services to disaster victims.

LET THE BUYER BEWARE!

The Newark Office of Consumer Action warns all consumers to be extremely careful when purchasing a used car.

The cost of a used car can be one of the most important and expensive purchases that a consumer can make. it is the responsibility of the consumer to protect himself from excessive finance charges and unscrupulous car dealers. Before signing a contract or agreement with anyone, the purchaser must be convinced that he has made the best deal his budget and income can afford. Any changes in the agreement should be negotiated before the same is finalized, as it becomes difficult or impossible to do so afterwards.

In order to obtain the most satisfaction in the purchase of a used car, the consumer must know what he needs and wants, be able to distinguish between good and poor value, know what he can afford to spend for the down payment and the cost of financing, and finally, be willing to shop around for the purchase that will meet these needs. If care is taken throughout the selection and buying process, there will be less chance of dissatisfaction or complaint.

For more information on buying a used car, call the Newark Office of Consumer Action 733-8000.
